– Frank E. Page

“Frank is a perfectionist...he took time to understand what I want... everything from the beginning concept in my head all the way down to the final paint and the bow on the couch was completed. I didn’t have to figure it out myself. It was one phone call to one person, and I have it all taken care of.” – Paula B.

Notable Quality & Results

“My husband and I love being outdoors in the summer. So the outdoor space that we built at our lake house was extremely important. It had to be beautiful and yet functional. Cutri Construction built an amazing outdoor kitchen, cabana, and screened in porch all around our vanishing edge swimming pool. Thank you, Cutri, for creating the perfect space for our family.” – Pamela S.
